WELL, WHAT DO YOU KNOW ABOUT THIS?

## Bulletin Bill Learns The Society Hard Shake

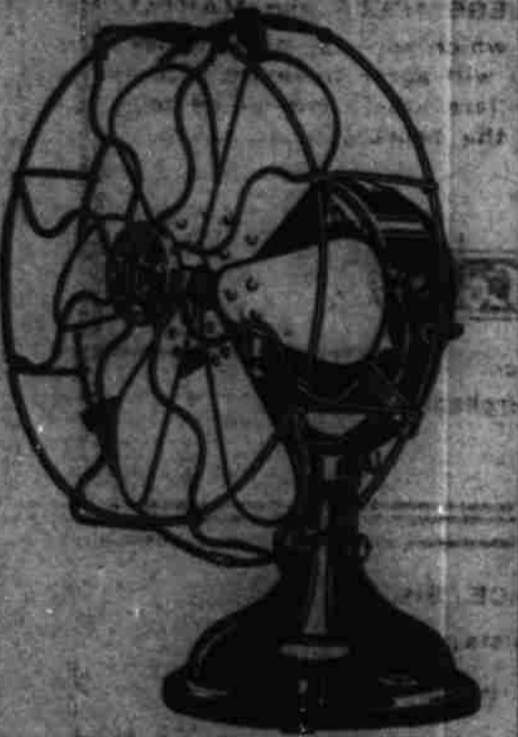

I tell you my Brother Bill is getting up the social ladder fast. He showed me how they shake hands and by golly I had to climb up on a water bucket to reach his mit. They shake up above their heads, not down on a line with the waist. I asked Bill why they shake hands that way and he told me—(say, this is strictly on the Q. T.)—he said, "Willie, I have it all figured out, when they shake hands above their heads don't you see, they can't pick each other's pockets, lift a watch or a sparkler, and they shake hands for mutual protection and take no chances at all—its hands up before the opportunity comes.

Well, we are selling a lot of good clothes, and yesterday another man showed his wisdom: He bought two suits and at a price less than that of one. He took off a coat with a \$10.00 label in it which cost him \$32.50, and we sold him the two suits for \$31.90—now get out your little Fabers and do some scratching on a piece of paper.

## Fort Shafter Notes

[Special Star-Bulletin Correspondence]

PORT SHAFTER, Sept. 24.—Chaplain William R. Scott of the 2nd Infantry, in his capacity as post librarian, has completed the indexing and cataloging of all of the books of the post library and henceforth it will be possible for the attendants to find and deliver any work contained in the institution and with the minimum of delay. This commendable piece of labor was performed by Chaplain Scott with the help of the enlisted assistants during the absence of the regiment in the field on the regimental march that was completed last Sunday. The library is now in a satisfactory condition for service and has recently received a number of new books for circulation. Chaplain Scott is provided with funds by monthly contributions from companies and the officers of the garrison and these funds enable him to make purchases of new fiction almost as soon as the books appear by name in the publisher's lists. The library is steadily patronized by all classes at the post and as it contains the latest fictional works and is besides well-stocked with periodicals, it is a source of entertainment to all concerned to which the new catalogues and indexes will add greatly.

Upon the recommendation of the commanding officer, Company B, 2nd Infantry, the following named promotion and appointment on that company have been made and were announced in orders on the 23rd from regimental headquarters. Corp. Bruce W. Shelton to be sergeant, vice Sanderson, discharged, and Lance Corporal Earl Foulch to be corporal, vice Shelton, promoted. The vacancy of sergeant was caused by the discharge by purchase of Sergeant Sanderson, who has left the service to engage in employment in civil life in Honolulu.

From information received by letter from the mainland most, if not all, of the officers of the 2nd Infantry now on leave in the states will be obliged to await the sailing of the November transport before being able to secure transportation for these islands on account of the extraordinary demands that have been made by officers under orders for the October boat. This is partially accounted for by the fact that the new class of officers that graduated at West Point last June will be scheduled for transportation on the October transport, and as there is a large number of that grade who must take precedence over all officers on leave or similar status, the latter class must wait. Officers from this garrison who are effected and therefore will be delayed in joining are Captain J. C. Kay and Lieutenant Silverster, both of the 2nd Infantry. Other officers who may be expected to join here for duty shortly are Lieutenants J. B. Richardson, E. Z. Steever III, and W. G. Jones. The first two named have recently been transferred to the 2nd for foreign service duty, and the latter is of the graduating class of this year at West Point. Lieutenant Richardson has recently been serving in the 14th Infantry, while Lieutenant Steever has been with the 11th Infantry on this border.

Field Company E of the Signal Corps celebrated the completion of the new barracks for the company by an elaborate and well conducted smoker in the new building on Tuesday night in which all the talent in the company took part, assisted by musicians and other entertainers from among their friends in Honolulu. All of the officers of the Signal Corps at the post, accompanied by their wives, were present at the opening of the entertainment, and remained throughout the regular program that had been arranged in celebration of the event. Captain George S. Gibbs, the company commander of E, has now housed his organization in the best manner possible for cantonment quarters, and the accommodations afforded are sufficient to care for the detachment of M company of the telegraph and telephone branch of the Signal Corps under Lieut. F. P. Black that also has station at Fort Shafter. The kitchen and mess hall building with its arrangements, is quite the most commodious and best arranged of all similar buildings in the cantonment, and was possible through the experience gained in the prior construction of the kitchens for the companies of the 2nd Infantry that are quartered in the same part of the garrison.

The picture play, "Leah Kleschna," provided by the post exchange management as an extra attraction at the post airframe, draw a big house last night and will be followed on the next "extra night" by the plays in which Honolulu scenes and persons appear. The garrison is particularly interested in the appearance scheduled for next week of the McKee production that will show two of the companies of the garrison in their first appearance as "movie" artists. Inasmuch as one of the best known and most popular young officers of the 2nd Infantry, takes one of the "leads" in the forthcoming production, his friends will all be present to observe the recorded results of his work.

Captain and Mrs. Franklin P. Jackson, now of the 1st Infantry, took their departure from Fort Shafter yesterday for Schofield Barracks, their new station. Captain Jackson succeeds to the command of Company F of the 1st Infantry, in place of Major Newman, lately promoted to his majority. Captain and Mrs. Jackson will be greatly missed in the 2nd Infantry, both in official as well as in the social life of the regiment.

## SUGAR PLANTATION DIVIDENDS FOR THE YEARS 1913 AND 1914 UP TO THE PRESENT DATE

In connection with the late resump-tions and increases of dividends by plantation companies the following dividend history for last year and the present one to date will be interesting:

Ewa Plantation Co., January 4, 1913, reduced its dividend from 12 1/2 per cent to 9 per cent, or 15c a share monthly; last half of year reduced it to 5c a month, with an extra 10c in December, making 8 per cent for the year. This year it has been paying 10c a month. Now it announces an extra dividend of 2 per cent a month for the last three months of the year.

Hauku Sugar Co. had been paying 50c monthly, or 6 per cent per annum, until September 22, 1914, when it declared \$1, beginning October 1.

Hawaiian Agricultural Co. paid \$1.50 monthly on par value \$100 for the first six months of 1913, and 75c for the rest of the year. It lately declared \$2 a month for four months beginning September 20, instead of 50c it had been paying since the first of this year.

Hawaiian Commercial and Sugar Co., par value \$25, paid 25c a month for the first half of 1913 and 15c for the last half. The latter rate was continued this year, but is now increased to 25c, beginning October 5, with an extra dividend of 50c on that date.

Hawaiian Sugar Co., \$20 par value, paid 30c monthly last year until December, when its dividend was cut to 20c. It has now declared 30c, beginning October 15, with an extra dividend of 80c on that date.

Honokaa Sugar Co. discontinued paying dividends on September 15, 1910, and has paid none since.

Honouliuli Sugar Co. paid \$1 a month or 12 per cent per annum, up to June, 1913, dividends being discontinued in July. It paid a quarterly dividend of \$2 a share for the quarter ending June 30, 1914, and now it is paying \$2 a month for four months, beginning September 5.

Hutchinson Sugar Plantation Co. paid 30c a month on its \$25 shares the first three months of 1913, 10c for the next seven months and nothing since, but will resume with a 15c monthly dividend on October 10.

Kahuku Plantation Co., shares \$20, paid 10c a month for the first eleven months of 1913, and 5c in December. Ten cents monthly has been paid this year.

Kekaha Sugar Co. is paying 50c a share monthly, par value \$100.

Koloa Sugar Co. has paid no dividends since November 30, 1912, but last asking price quoted for its shares was 140.

McBryde Sugar Co. has paid no dividends to date.

Oahu Sugar Co. last year paid 15c a month in January and February, 10c in March and April, and then passed dividends. It lately declared a resumption with 10c a share, beginning October 15. Par value \$20.

Olea Sugar Co. has paid no dividends to date.

Onohea Sugar Co., par value \$20, paid 20c a month for the first four months of 1913, and 15c for the remaining eight. Dividends were discontinued at the beginning of this year, but resumed in June at 40c a quarter. Lately it declared a special monthly dividend of 75c for three months, beginning September 20, action being deferred on the December dividend.

Panahan Sugar Plantation Co. paid 20c in January, 1913, after which dividends were discontinued. It has now resumed with 15c a month beginning Oct. 10, the par value of its shares being \$20.

Pacific Sugar Mill has paid no dividends since January 1, 1912.

Pala Plantation Co., par value \$100, has increased its monthly dividend from 50c to \$1, beginning Oct. 1, ensuing.

Pepesee Sugar Co., par value \$100, paid \$1 Dec. 15, 1913, reduced its dividend one-half Jan. 15 this year but declared \$3 a share monthly for four months beginning Sept. 15.

Pioneer Mill Co. paid 20c a month on its \$20 shares for the first four months of 1913 and 10c for the rest of the year. It began this year with 20c, which was later cut in two, but now will pay 20c, beginning Oct. 1.

## ORDERS OF THE HAWAIIAN DEPT.

Special Orders No. 181.  
1. Private Hiram Utley, Troop A, 4th Cavalry, Schofield Barracks, T. H., will be discharged from the army by the commanding officer of that post by purchase, under the provisions of General Orders No. 31, current series, War Department, (9272).

## CHILDREN TAKE "CASCARETS" WHEN CROSS, CONSTIPATED—DIME A BOX

Any child will gladly take "Cascarets Candy Cathartic" which act gently—never gripe or produce the slightest uneasiness—though cleanses the little one's Constipated Bowels, sweetens the stomach and puts the liver in a healthy condition. Full directions for children and grown-ups in each package. Mothers can rest easy after giving this gentle, harmless laxative to children.—advertisement.

CASCARETS WORK WHILE YOU SLEEP

now will pay 20c, beginning Oct. 1. Waiakua Agricultural Co., par value \$100, paid 50c a month for the first six months of 1913, after which dividends were discontinued. A special dividend of \$2 a share was declared payable Sept. 15, and later this was continued for each month to the end of the year.

Waiakua Sugar Co., par value \$100, paid \$1 a month for the first half of 1913, then discontinued until it declared a quarterly dividend of \$2 for the quarter ending Sept. 30 this year, to be followed by \$1.50 monthly for three months beginning Oct. 10.

Waimanalo Sugar Co., par value \$100, which has been paying \$1 monthly, has declared an extra dividend of \$2 a share for four months payable the last day of each month.

Waimanalo Sugar Mill Co., par value \$100, pays \$1 monthly right along.

## WAIKIKI INN DANCE TONIGHT

The usual Thursday evening dance will be held at Waikiki Inn this evening.

You are cordially invited to attend and enjoy an exceptionally pleasant evening.—Adv.

## ACID STOMACHS ARE DANGEROUS

Nine-tenths of All Stomach Trouble Said to Be Due to Acidity.

A Physician's Advice on Cause and Cure.

A famous physician whose successful researches into the cause and cure of stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, were directly traceable to a deranged condition of the stomach which in turn was due nine times out of ten to excessive acidity, commonly termed "sour stomach" or heartburn, which not only irritated and inflamed the delicate lining of the stomach, but also set up gastritis and stomach ulcers. It is interesting to note that he condemns the use of patent medicines as well as of medical treatment for the "stomach," stating that he and his colleagues have secured remarkable results by the use of ordinary bisulphate of magnesia, which, by neutralizing the acidity of the food, removes the source of the trouble. He contends that it is as foolish to treat the stomach itself as it would be for a man who stepped on a tack to rub liniment on the foot without first removing the tack. Remove the tack and the foot will heal itself—neutralize the acid and stomach troubles will disappear. Irritating medicines and medical treatments are useless, so long as the contents of the stomach remain acid; remove the acidity, and there will be no need for medicine—the inflamed lining of the stomach will then heal itself. Sufferers from acidity, sour stomach or heartburn should get a small bottle of bisulphate of magnesia from their druggist, and take a teaspoonful in a quarter of a glass of hot or cold water after meals, repeating in 15 minutes, if necessary, this being the dose which the doctor has found most efficacious in all cases. For sale by Benson, Smith & Co., Chambers Drug Co. and Hollister Co.—Adv.

## DELICATESSEN SALE.

Harmony Chapter No. 4, O. E. S., will hold a delicatessen sale and bazaar Saturday, Sept. 26, at 9 a. m., in the store at the corner of Beretania and Fort streets. Bring the children.—Adv.

At a meeting of the fire and police civil service commission last evening final arrangements for the examination of applicants for jobs in those departments were completed. The commission will meet again Monday evening, September 27, when Raymer Sharp, who will have charge of the examinations, will file his report showing the standing of the men taking the test. It is thought about 30 applicants will undergo the quiz. Twenty-one already have filed their applications, and others may be filed up to noon on Saturday. The examination will be held at McKinley high school Saturday afternoon, beginning at 1 o'clock.—Adv.

## Do Your Hens Give a Heavy Egg Yield?

A heavy egg yield is an intensive process from beginning to end, and should consequently be assisted in every possible way. In the absence of teeth the hen was given a gizzard for the express purpose of grinding solid foods, but is it not cheaper to have the greater part of this mechanical process done by power millstones? It has been proved that less digestive trouble is the result.

This is a point in favor of Dry Mash, but its chief virtue is a positive assurance that the fowls are eating a properly balanced ration.

In a properly balanced, well mixed mash the hen does not have to make a more or less difficult selection of grains, etc., but eats just what scientific authorities prescribe, with the proper ratio of protein, carbohydrates and mineral substances required to preserve health and stimulate egg production.
